## Horizons

The month of August will mark the end of the Northwest Foundation's funding for the Horizon program. We'd like to take a moment and remember where we all were just a couple years ago with the thought of a new program for our community. And now, here we are today, giving thanks for all it brought to our community, from leadership training to food distributions, grants to several school sponsored and community sponsored programs and events and the revival of the Booster (of sorts). The impact to our community was great and the projects have been both fun and rewarding. Though our list is long, our appreciation for the possibilities given our community is endless.
